May 16th, 2017

Dear Mary Beth Ingvaldstad and the Vikings of Lake,

I'm writing to thank you for your generosity towards our school. We realize there are a lot of organizations out there in need, and greatly appreciate that you've selected to help us. The six hundred dollar donation we received will go to our student council. Each year, students in the 5th and 6th grades are offered the opportunity to become part of this student leadership organization. Students must submit an application including a brief essay describing why they wish to be on student council. This, along with an examination of their grades, attendance, and citizenship are used to evaluate whether they exemplify the leaders we wish to have on the council.

The goal of student council is to be the representative voice of students. They help make decisions about field trips, the selection of awards to encourage attendance, and the themes of our school spirit days among other things. During your visit at our assembly, you saw two of our members helping during assembly.

I'm sure the student council will make intelligent decisions next year to find ways to use your donation wisely. Again, thank you for helping our school, and our students.

Sincerely,  
*David Leonard*

**TUBFRIM  
(TUBerculosis and  
FRIMerke/stamps)**

The Tubfrim program has provided funds for years to aid disabled children in Norway. The program was established in 1928 in the Norwegian town of Nesbyen, originally raising money to aid the eradication of tuberculosis among children in Norway.

You need to trim stamps, leaving a quarter inch around the edges so as not to damage perforations. Then bring them to the Lodge for Evelyn Robison to send on to our District Coordinator, Jon Arild.

One pound of trimmed stamps gives you one entry into the contest in which you can win ticket to Norway (up to \$1000 value).

## Celebrating Edvard Grieg

June is the month to pay homage to Norway’s most revered composer, Edvard Grieg, who was born in Bergen on June 15, 1843, in the Grieg’s family home. Here are a few notable facts about the composer culled from The Grieg Museum’s website.\*

- Grieg’s most famous compositions include Piano Concerto in a minor, incidental music for Ibsen’s drama “Peer Gynt” (Morning Mood, In the Hall of the Mountain King, Solveig’s Song a.o.), Lyric Pieces for piano, Holberg Suite, Last Spring
- He grew up in a successful merchant family, together with his brother John (born 1840) and his sisters Maren (born 1837), Ingeborg Benedicte (born 1838) and Elisabeth (born 1845). Very early he showed a strong interest in music and for the piano as instrument. He could sit at the piano for hours, exploring all kinds of tunes on his own.
- During his early school years in Bergen, Edvard wasn’t the most disciplined pupil. He preferred to discover the music himself. Instead of the compulsory etudes, he preferred to improvise and play new tunes and melodies. However, despite the certain amount of reluctance, his love for music grew into what was to become, in his innermost spirit, the right thing to do in life – to be an artist.
- Edvard Grieg studied at the music conservatory in Leipzig, Germany. This conservatory was founded in 1843 by Felix Mendelsohn, and was reckoned to be the best and most modern conservatory in Europe. His teachers in Leipzig were some of the best pedagogues in Europe: Ignaz Moscheles in piano, Carl Reinecke in composition and Moritz Hauptmann, for whom Edvard Grieg had the greatest respect. He graduated from the conservatory with excellent marks in 1862.
- An extensive touring schedule with innumerable concerts, combined with a weak health condition, was to put an end to Grieg’s life. In September 1907, Grieg became seriously ill and was hospitalized in Bergen, where he died on Sept. 4, 1907, of chronic exhaustion. ### Edvard Munch

June 24–October 9, 2017

Floor 4—SFMOMA (San Francisco Museum of Modern Art)

A master by the age of 30, Edvard Munch (1863–1944) was among the most celebrated and controversial artists of his generation. But, as he confessed in 1939, his true breakthrough came very late in life.

Featuring 45 landmark compositions about art, love, mortality, and the ravages of time, *Edvard Munch: Between the Clock and the Bed* uses the artist's last significant self-portrait as a starting point to reassess a lifetime of painting.

Together, these profoundly human and technically daring artworks reveal Munch as a tireless innovator and an artist as revolutionary in his maturity as he was in his breakthrough years.

Organized by SFMOMA, The Metropolitan Museum of Art, New York, and the Munch Museum, Oslo, this exhibition includes treasured paintings from the artist's own collection, six of them never before exhibited in the United States.

*Edvard Munch: Between the Clock and the Bed* is organized by the San Francisco Museum of Modern Art, The Metropolitan Museum of Art, New York, and the Munch Museum, Oslo.
